

Questionnaire for teachers, who teach students aged from 6 to 10 years old

*Obrigatório

1. Q1 - Do students have difficulty in mental calculation? *

Marcar apenas uma oval.

- 1: Not at all
- 2: To a small degree
- 3: To a large degree
- 4: Completely

2. Q2 - Do students have difficulty in basic operations with integers and fractions? *

Marcar apenas uma oval.

- 1: Not at all
- 2: To a small degree
- 3: To a large degree
- 4: Completely

3. Q3 - Do students have difficulty interpreting statements and problem solving? *

Marcar apenas uma oval.

- 1: Not at all
- 2: To a small degree
- 3: To a large degree
- 4: Completely

4. Q4 - Do students have difficulty in distinguishing area and volume? *

Marcar apenas uma oval.

- 1: Not at all
- 2: To a small degree
- 3: To a large degree
- 4: Completely

5. Q5 - Do students have difficulty in comprehending basic mathematical terms related to time (e.g. second, minute, hour, day, week, month, year)? *

Marcar apenas uma oval.

- 1: Not at all
- 2: To a small degree
- 3: To a large degree
- 4: Completely

6. Q6 - Do students have difficulty with the memorization of multiplication tables? *

Marcar apenas uma oval.

- 1: Not at all
- 2: To a small degree
- 3: To a large degree
- 4: Completely

7. Q7 - Do students have difficulty in solving numerical problems which are associated with difficulties in understanding their linguistic content? *

Marcar apenas uma oval.

- 1: Not at all
- 2: To a small degree
- 3: To a large degree
- 4: Completely

8. Q8 - Do you employ attractive problem-solving activities? For example: robotics, coding, graphics, etc. *

Marcar apenas uma oval.

- 1: Not at all
- 2: To a small degree
- 3: To a large degree
- 4: Completely

9. Q9 - Do students have difficulty in applying the properties of operations to speed up calculations? *

Marcar apenas uma oval.

- 1: Not at all
- 2: To a small degree
- 3: To a large degree
- 4: Completely

10. Q10 - Do students have difficulty with spacial orientation concepts such as the distinction between left and right, north and south, east and west? *
